4100 HUMAN SPECIES—has, everywhere over

discovered as it is certain in its effects and does not

blister. READ PROOF BELOW.

Saved him \$1,800

ANAS, N. Y. Jan. 20, 1883.

Dr. R. J. Kendall & Co., Gent.—Having used a

good deal of your Kendall's Spavin Cure with great

success, I thought I would let you know what it has

done for me. Two years ago I had as speedily a colt

as was ever raised in Jefferson County. When I was

breaking him, he kicked over the cross bar and got

fast and tore one of his hind legs all to pieces. I em-

ployed the best farriers, but they all said he was

spoiled. He had a very large thoroughbred and I

used two bottles of your Kendall's Spavin Cure, and

it took the bunch entirely off, and he sold afterwards

for \$1,800. I have used it for bone spavins

and wind galls, and it has always cured completely

and left the leg sound.

It is a splendid medicine for rheumatism, I have

recommended it to a good many, and they all say it

does the work. I was in Winchester & Kincadee's

drug store, in Adams, the other day and saw a very

fine picture you sent them. I tried to buy it

but could not, they said if I would write to you that

you would send me one, I wish you would, and I

will do you all the good I can.

Very respectfully,

E. S. LYMAN.

Please bear in mind that the blue pencil mark X on your paper indicates that the time for which you have paid has expired and you are requested to call around and settle.

Choice beef at Bueckhardt's daily.

Now then bring on your June meetings.

There is a fine prospect for a good crop of blackberries this season.

Messrs. Payne & Berry are having their office repaired and refitted.

Mr. V. Berberich, the tailor, will make you a business or dress suit on short notice.

FOR RENT.—Small house, with front and back yard. Apply to Mrs. Lizie Walcutt.

Isaac Murphy, of Fleetwood Stock Farm, rode the winner in several of the big races at Louisville this week.

The post-office was closed from 10 a. m. to 5 p. m. Wednesday on account of its being "decoration day."

The State Sunday School Convention of the Christian Church will meet in Richmond on the 3d of July.

Mrs. Lydia E. Pinkham is dead, but her picture will survive her for years in patent medicine advertisements.

The races at Louisville were not very profitable to the Kentucky boys. They were so unfortunate as to bet on the wrong horse every time.

Mr. J. M. Wigginton and Miss Margaret Dixon, from near Elminville, were married in Georgetown Tuesday. The groom was 60 years of age and the bride 40.

Monday is County Court day, and we hope those of our subscribers who come to town will drop in and tell us the news in their neighborhood, and look after their subscription.

Rev. Mr. Williams will be ordained and installed pastor of Providence Baptist Church, in this county, to-day. He graduated from the Theological Seminary in Louisville a few weeks since.

Mr. Chas. Vogler has moved into his new building, on the corner of Third and Logan streets, South Side, has opened a grocery on the first floor, and occupies the upper part as a residence.

The graves of those who gave their lives in the late civil war were decorated at our Cemetery last Saturday evening. The decoration was conducted very quietly and was very impressive. Flowers were not quite as profuse as usual.

Messrs. John Murphy and Frank Cannon were engaged in a playful scuffle, Monday night, when the former began cutting at the latter with a pen-knife, and before he knew it the blade struck Cannon, inflicting a painful wound.

Mrs. Walter H. Davis has written and had published in the Lexington Times a "statement," in which she places the most implicit confidence in the innocence of her late husband. The statement is well made and sounds very truthful.

Will. Riley, colored, better known as "Hoecake," while carefully handling a twenty-two caliber pistol, in South Frankfort Wednesday morning, accidentally shot himself. The ball struck him near the right wrist, ranged up and lodged near the elbow, inflicting a painful flesh wound. The ball was extracted by Dr. S. F. Smith, and the wound is doing well.

The ladies of the Presbyterian Church will give a strawberry festival at the Court House Tuesday night. In addition to strawberries, ices, and other delicacies all kinds of fancy articles will be offered for sale, and you will find things there to please the eye as well as tickle the pallet. A nice supper can be had for a small sum, and by going there Tuesday night you will not only get the worth of your money but contribute to a good cause, as the money raised will be made use of to put some much needed repairs upon the parsonage.

L. R. Marion, of the L. C. R. R. Co., says: "Brown's Iron Bitters I find is a valuable remedy for neuralgia and bilious complaints."

Flour from \$2 up, at James Heaney's.

Edith Neice, a white woman sent to the Penitentiary from Letcher county for life, for the murder of her husband, was pardoned out of the prison Tuesday by Gov. Blackburn. She was hardly responsible for her crime, being very weak-minded and superstitious. She dreamed that her husband was going to murder her and that in order to save herself she must kill him, and believing firmly in dreams she heeded the admonition of her dream and killed him while asleep. She had served two years of her sentence.

Cutting and fitting neatly executed by Berberich, the tailor.

Editor Roundabout:

The Yeoman, addressing me as its "ancient enemy," gives some gratuitous advice about running a post-office. If it were not presumptions I would volunteer a few suggestions to my hoary friend, the Yeoman, as to how an infantile newspaper should be conducted. The first would be, that he dismiss at once five incompetent mail carriers and employ a trusty boy; then a part of his morning mail will not be left in the box and a part carried in pockets around town every day till in the afternoon.

J. G. Hatchett, P. M.

Nice spring lamb at Bueckhardt's every morning.

We have seen of late several items going the rounds of the press of the State concerning the curious relationship between families which have inter-married, but there are two elderly ladies of our acquaintance residing in Fayette county, who are more numerous related than anyone we have heard of yet. Mrs. Elizabeth Cromwell married an uncle of Mrs. Christopher Keiser, her three brothers and step brother married the four sisters of Mrs. Keiser; Mrs. Keiser's brother then married Mrs. Cromwell's daughter, her oldest son married another daughter, and her youngest son a grand-daughter. If anyone can tell us what relation these two ladies and their respective families are, one with another, we will be glad to hear from them, as we confess it is a perambulation above our pole.

Base Ball.

A game of base ball will be played on the old grounds in Belle Point, this afternoon, between the employee's of the Yeoman and Commonwealth offices. The game will be called at 3 o'clock, and the ladies are especially invited to attend. The following will compose the players:

The Aesthetic Concert given by the young ladies of the Methodist Church Monday and Tuesday evenings was a complete success. Everything went off nicely and the receipts were very satisfactory.

Owing to the fact that a second mob came down to Mt. The Knights Templar Pilgrimage to Woodlake.

In response to an invitation of Col. Isaac Wingate, Eminent Commander of Frankfort Commandery, No. 4, the Sir Knights of that body visited him at his residence, Lawn View, at Woodlake, Thursday evening. At six o'clock the members of the Commandery met at Odd Fellows Temple where they took hacks and proceeded to Woodlake.

Arriving at the entrance to his place the Sir Knights left their carriages, formed in line and marched up the long avenue, preceded by a band of music. At the yard gate a halt was called and a guard sent in to notify the Eminent Commander that his Commandery awaited his orders. He soon made his appearance, and Sir J. R. Stafford, Generalissimo, in a neat speech, informed him that the Commandery had responded promptly to his call and were present ready for duty. Col. Wingate, in a brief and eloquent manner, welcomed them to his home and invited them to make themselves at home.

On entering the handsome parlor was found thrown open for the accommodation of the guests, but a closed door on the right had the following ominous inscription over it:

"The man who enters here may meet his mother-in-law."

An hour or so was spent in pleasant conversation, in walking about the spacious yard, which was beautifully illuminated with Chinese lanterns, and last, though not least, imbibing copiously of the far famed Buckrun water, which the Colonel claims possesses peculiar rejuvenating and restorative qualities. About ten o'clock the guests were invited out to partake of a banquet which had been prepared by the Colonel's lady, which was a feast fit for a king. We could not begin to enumerate half the many good things which were there spread, so we will simply say that the Knights made a gallant charge upon the table, and each one bore his part nobly.

At the close of the repast toasts were given and responded to by the distinguished guests present, and among the most notable of the speeches was that of the Eminent Grand Generalissimo, Sir James M. Saffell, who, although taken completely by surprise when called upon to respond to the sentiment, "The Grand Commandery of Kentucky," managed to find the manuscript of an eloquent address stowed away in his pocket, which required nearly a minute in delivery. Other responses were made by East Grand Commander W. Leslie Thomas, of Lexington, and Jake Swigert, of Woodford county, Col. J. Stockard Johnston, Rev. J. M. Lewis, Dr. B. F. Davall, of this city, and Mr. J. B. Viley, of Midway.

In reporting the proceedings of the recent meeting of the Grand Commandery the newspaper reporters twisted Col. Wingate's first name, Isaac, into Israel, and after leaving the table he was called into the parlor and with appropriate ceremonies dubbed "Israel, Prince of Entertainers," Dr. J. M. Lewis officiating.

About eleven o'clock the guests took their leave and returned to this city, all being fully satisfied that no more enjoyable evening had ever been spent by them.

Bridgeport.

Spring chickens and strawberries are ripe.

Mr. J. W. Jenkins and wife have been in Louisville this week.

Mrs. Mollie Armstrong has been in Louisville this week.

Phil. Parrent and Charlie Russell were in Clayville last week.

Mrs. Annie Parrent, who has been sick for three weeks, is convalescing.

Mrs. Wm. Scofield, who has been visiting relatives in Shelby county, has returned home.

Rev. Llewellyn, of North Carolina, will preach at Saint Benson Church to-morrow at 11 o'clock.

Little Miss Mattie Lou Crockett is in Frankfort this week visiting her sister, Mrs. Zenda Kirk.

Dr. W. Lee Critcher and wife left Monday for Cincinnati, where Mrs. Critcher expects to place herself under the care of an eminent physician for the benefit of her health.

Messrs. W. G. and Wm. Sargent and S. V. Crockett have been in Louisville this week, looking after the interests of the tobacco crop, but what success we are not able to say.

Several ladies and gentlemen of this town and vicinity took in the big meeting at Little Rock, Alton, last Sunday. It being the anniversary of what is known as the hard shell Baptists.

Bridgeport can boast of three as good mechanics as can be found in the State, viz: F. M. Scofield, blacksmith and coach builder; J. B. Russell, saddle and harness maker, and J. W. Jenkins, carpenter.

After a siege of 9 months, the Bridgeport school closed last Friday, May 25th, 1883, with appropriate exercises. The crowning feature of the evening was some splendid music rendered by Miss Alma Scofield.

The contemplated pie connecting this place and Benson Depot is an improvement much needed, and we are not for the contentions usually arising from the difference of opinion expressed in regard to such matters it would be built immediately. The advantage to be derived from the construction of such a road would be incalculable, not only to this town and the Depot but to the entire section drained by it. All personal advantages should, therefore, be laid aside and the common interest of the whole community be considered.

Point Pleasant.

Oats look bad.

Tobacco plants are scarce and very small. The farmers are not all done planting corn yet.

As you have no correspondent from this point I will give you a few items.

Mr. James Russell and wife visited relatives in Belle Point the first of the week.

We have a good Sunday school at Audubon, conducted by Joseph Roberts, as Superintendent.

Miss Willie Belle Peters, of Shelby, was visiting her aunt, Mr. R. J. Shannon, the first of the week.

What will not make over one-half of a crop because it has been frozen out the past winter and is too thin.

Everybody seems to be busy since the rain, as the ground was so dry and hard they could not plow, but they go now.

Messrs. James and John Russell are laying all the calves they can find at fair prices. Anyone that has calves for sale will please call.

Mrs. Elizabeth Harrod and son, Alfred, of Scrabble, Shelby county, were visiting her sister and Mrs. R. J. Shannon this week.

Mr. Bill Sandwith, of this neighborhood, bought of Mr. W. T. Hays, of Frankfort, a horse of many colors. The price we did not learn.

Mrs. Martha Walton has started her vegetable wagon. She can supply some of the citizens of Frankfort with something good to eat.

Rusty Cane, what is the matter with you? No news from Scrabble last week. I went to see Rusty, but he had gone to Louisville. I saw Rusty, he was at the forge hammering iron like a little man.

Everybody seems to be well and hearty—no sickness to amount to much in this neighborhood. We understand that Mrs. Walton has child, but with the exception of the one case the neighborhood is healthy.

A SCIENTIFIC DISCOVERY.

A New and Most Important Theory on One of the Most Vital Questions of the day.

If anyone had informed Queen Elizabeth in her palatial days that she could have been seated in her palace in London and conversed with Mr. Walter Raleigh in his North Carolina home; receiving a reply from him within an hour's time, she would have declared it to be a miracle. And yet, and they lived in the present day, this apparent miracle would most readily have been witnessed and not seem at all strange or unusual. The truth is, new principles are coming into existence, and the operation of many laws unknown in the past is being fully understood in the present. In no way does this fact come more forcibly to the mind than in the case and treatment of the human body. Millions of people have died in past ages from some inordinance or easily controlled cause which, is thoroughly understood now and readily handled. Consumption, during the entire past century, has been a scourge to the human race. And yet it is demonstrated that it has been and can be cured, even after it has had a long run. Dr. Felix Oswald has just come out with a valuable article on this subject to the *Popular Science Monthly*. He regards consumption as pulmonary scrofula. The impurities of the blood produce a constant irritation in the lungs, thus destroying their delicate tissue and causing death. The theory shows conclusively that consumption is a blood disease. It has its origin primarily in a deranged condition of the kidneys or liver, the only two organs of the body, aside from the lungs, that purify the blood. When the kidneys or liver are diseased, they are in a more or less diseased state, which communicates poison to every part of the blood, and through them. This poisonous blood circulates through the system and comes to the lungs, where the poison is deposited, causing decomposition in the finely formed cells of the lungs. Any diseased part of the body has contained impure blood, and yet the blood, which is the life of the system, is brought into direct contact with these poisoned organs, thus poisoning the life. It is only the result of the previous blood poisoning. The deadly matter which is left in the lungs by the impure blood clogs up and finally chokes the patient. When this is accomplished rapid consumption or quick consumption; when slowly, consumption, but in any event it is the result of impure blood, caused by diseased kidneys and liver. These are facts of science, and vouched for by all leading physicians of the day. They show the desirability—nay, the necessity, of keeping these most important organs in perfect condition, not only to insure health and vitality, but to prevent disease. It has been fully shown, to the satisfaction of nearly every unprejudiced mind, that Warner's Safe Kidney and Liver Cure is the only known remedy that can cure and keep in health the great blood purifying organs of the body. It acts directly upon these members, healing all ills which may have formed in them and placing them in a condition to purify and cleanse the blood. This is no idle statement nor false theory. Mr. W. C. Beach, foreman of the Buffalo, N.Y., Rubber Type Foundry, was given up to die by both physicians and friends. For four years he led a terrible cough, accompanied by night sweats, chills, and all the well known symptoms. He says: "I finally concluded to try Warner's Safe Kidney and Liver Cure, and in three months I gained twenty pounds, recovered my lost energy, and my health was fully restored." The list could be prolonged indefinitely, but enough has been said to prove to every sufferer from pulmonary troubles, that there is no reliable remedy in the world, and that health can be restored.

ATASCA, HILL CO., TEX., May 26 1883.

Dear Roundabout:

I have never before intruded upon the columns of a newspaper, but cannot longer refrain from expressing my high appreciation of your weekly visits to us, my family as well as myself. When I enter the house we have a grinning game, to see who shall have it first or have the pleasure of reading the news to the rest, bringing the news of many dear, staunch friends vividly before our eyes, friends whom I can never, nor do I ever wish to forget, although there are some things connected with my old home that I wish could be erased from memory.

I have been in Texas now nearly five years, and say truthfully that I have never been dissatisfied a moment since I have been here. The worst objection one could have to this country is the seasons. When it rains the mud sticks a little like wax or tar, but we don't mind that much "when we get wet to it." I think it has been Messrs. Hildesley & McDew's Perfection Boot Cleaner, mud and all, right straight on in the house with us.

Our crop prospects, I think, fully up to the average, with a little backward on account of so much rain in the spring. We are needing rain now very much, just in this neighborhood, though there has been an abundance of rain near us round about.

Harvesting will begin next week; corn is from knee to shoulder high.

We have had vegetables in abundance for some time, such as lettuce, onions, peas, Irish potatoes, sweet potatoes we have had the year round.

Tell our young Franklin county friend, who lived in the Urush when out here, if he will get out where he can catch more bees and fewer ticks next time he comes, he will like it better.

For fear I may become irksome and perhaps want privilege of writing again, I will say my love to all who read the Roundabout and adieu for this time. HILLIER.

Lebanon Ridge.

We had a very heavy rain storm in this section Monday night.

Born—To Mr. Charles Wilborn and wife, on Tuesday, May 29th, a daughter.

Mr. Dennis Rearden and wife returned Tuesday from a visit to Mr. Jas. Shannon, in Frankfort.

W. B. Tracer, Esq., has purchased a new buggy. We are bound to have a new pike now, sure.

Some few of our farmers have set out their tobacco plants. Most of the plants in this section are too small yet to be set.

There is some complaint in our neighborhood about our merchant not keeping enough goods to supply the demand, and some have almost made up their minds to go to Scramble hereafter when they wish to purchase.

CLIPPER.

Switzer.

The farmers are happy since the rain.

Mrs. Malvina Jones still remains very ill. Miss Ophelia Thompson is spending several weeks with Miss Minnie Brown, near Stamping Ground.

Mr. Jesse Hookersmith and wife, of Peak's Mill, paid a visit to the family of Mr. Jeff Jones this week.

There will be preaching at North Fork Sunday and probably at night by Rev. W. A. Arrasmith the pastor.

Mr. Wm. Rible, jailer of Louisville, and wife spent several days with the family of Mr. James Lyon this week.

Born—May 24th, to Geo. B. Carter and wife, a daughter; on the 27th, to E. B. Jones and wife, a daughter.

Our village merchant, who has been suffering with sore eyes and poor old Job's afflictions for sometime, is improving, but slowly.

Miss Sue Carter, who has been attending school in Scott county for the past three months, has returned home and is now attending Miss Lizzie Hoover's school.

Our Sunday school is progressing very nicely under the management of Mr. J. R. Hookersmith the superintendent. We trust the older members will attend more frequently and encourage the children.

A very bad accident happened near this place last Wednesday evening. Mr. Ed. Hall and son were engaged in trimming trees, when the son threw the axe to the ground, not looking where his father was, and struck him on the head, inflicting a dangerous wound. He is in a dangerous condition at this writing.

J. H. Switzer's new boat, Carrie Gray, which was launched at this place a few weeks ago is said to be the best boat ever launched at this point. Her capacity is great, speed is faster, and can be run with more ease than any other boat at this point. She is fast becoming the favorite pleasure craft of Elk Horn.

SUBSTITUTE.

Flag Fork.

There is no complaint about rain. Tobacco raisers that have plants have plenty of work on hand.

Born—To Wm. Broughton and wife, on Sunday morning, a son, weight 5 pounds.

Eleven hogheads of White Burley tobacco were shipped from this vicinity Saturday.

Mr. James Duncan, of Lebanon Ridge, is very ill. Some thinks there is no chance of recovery.

Misses Laura Young and Alice Polgrove returned Tuesday from a pleasure trip to Louisville.

We will have a singing at Mt. Carmel Church, on Flat Creek, Sunday, afternoon 3 o'clock.

Mr. Henry Polgrove and wife and Miss Nannie Silvers, of Belle Point, were visiting relatives on Flat Creek Sunday.

There is a good deal of complaint about corn not coming up. Some of the people are rebreaking and planting over.

Mr. William Noah Woodside, who is playing Base Ball Saturday evening, is putting his elbow out of place. It has proved to be a painful arm.

Mr. James Hope, of Benson, is making some repairs on D. F. Bailey's house, and wishes the people of this vicinity to call on him when they want carpenter's work done.

We have now a new post-office on the Frankfort and Flat Creek Turnpike. Any one wishing to send mail to his vicinity, should address Harp, Franklin county, Ky.

Mr. W. A. McDowell, one of our merchants on Willow Branch, while driving his horse in a sulky, ran up on a log with one wheel and turned it over. No damage done, but it happened to be in a bad place and he got very muddy.

Mr. Ambrose McDaniel and wife have parted the second time and have only been married about one month. He started last week for a trip to Missouri and got as far as Louisville on his road and turned back. When he started he locked his wife out of the house. Some say that she purchased new locks and has now got him locked out. Three cheers for the woman.

FRIEND.

No Whiskey!

BROWN'S IRON BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

BROWN'S IRON BITTERS is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the *American Christian Review*, says of Brown's Iron Bitters:

Cm., O., Nov. 16, 1881.

Gents:—The foolish wasting of vital force in the pursuit of pleasure, and vicious indulgence of our people, makes your preparation a necessity; and it applies to all such cases who resort to saloons for temporary recuperation.

BROWN'S IRON BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.
